Director of Logistics

Chief, Procurement Division

Functional Furniture (Unitized) - procurable through GSA --  
Pilot Test Requirements

MEMORANDUM: Memo to Acting Deputy Director (Support) from  
Director of Logistics, dated 25 April 1958.

1. Pursuant to the request for comments cited in referenced memorandum, the DD/I, DD/P and this division have developed a list of furnishings for the subject purpose. Attachment A is a break-down of these requirements which is being submitted herewith for the purpose of initiation of the necessary requisitions by the Supply Division to effect acquisition and allocation for the respective Agency components concerned.

2. Estimated cost of the selected furniture items, exclusive of the chairs and safe files, approximate \$13,260.00. The cost of the two drawer safe files, if acquisition through procurement is intended, will require additional funds of \$9,750.00. The type and quantity of chairs have as yet not been selected, however, it is estimated that \$1,000.00 should suffice. A total of \$27,010.00 is estimated for the procurement of pilot test requirements.
